BIOGRAPHICAL/HISTORICAL NOTE

Under the leadership of the Executive Vice Chancellor and Provost, the Office of Academic Affairs oversees the operation of Louisiana State University's colleges and schools, academic planning and programs, budgets, facilities planning and construction, and personnel. The Office of Academic Affairs is one of eight bodies that report directly to the university's chancellor. In turn, all schools and colleges of the Baton Rouge campus report to the Office of Academic Affairs, along with other campus entities such as the LSU Press and the Rural Life Museum, as well as larger bodies such as Student Life and Academic Services, the Office of Research and Economic Development, and Finance and Administrative Services.

SCOPE AND CONTENT NOTE

The Office of Academic Affairs records document numerous aspects of the academic and research programs at Louisiana State University between 1951 and 2001. They consist of the records of committees studying academic issues for faculty and students; records on colleges, schools, departments, and libraries; policy statements; records on university-related bodies such as the Board of Regents and Faculty Senate; and records on academic curricula, the status of degree programs, and the desegregation consent decree.
